Unlimited QuickBooks Compatible Bank Checks
ezCheckPrinting from Halfpricesoft Saves User Time and Money

From saving time and money, to increasing security and convenience, the new edition of ezCheckprinting from Halfpricesoft offers users numerous advantages over pre-printed checks. Get it free from www.halfpricesoft.com now.

Halfpricesoft.com(http://www.halfpricesoft.com) released its new version of **ezCheckPrinting software**, which allows user to print **QuickBooks** compatible pre-printed MICR blank checks easily over network. ezCheckPrinting's intuitive interface guides users step-by-step through entering bank information and setting up checks. Since ezCheckPrinting comes with the sample database, most users can test the first check in minutes after they install this check software on a Windows machine.

Halfpricesoft.com develops highest-quality and affordable payroll tax software solutions which help keep business operations running smoothly and efficiently. Like other products from Halfpricesoft, ezCheckPrinting check writing software is simple and easy to use, handles all their check printing needs - including customized layouts - and is very affordable.

"We found most software on the market were too complex and too expensive for small business owners," said Halfpricesoft.com founder Dr. Ge. "We believe small business owners should focus their time and energy on running their businesses, not trying to figure out how to run the software. We wanted to build something that was user friendly, super simple, affordable & totally risk free."

With this check writing and printing software, customers can print on standard size checks or on 8 ½ x 11-inch pages with check-on-top, check-in-middle, check-at-bottom and 3-per-page formats. The year 2011 version is more user-friendly and allows users customize check layouts, set-up and print checks quickly, and eliminates need for expensive pre-printed checks. And the new blank check printing and importing feature make it even easier to work with **ezPaycheck Payroll Software**, Quicken, QuickBooks, Peachtree or other software.

This affordable, super-simple, custom streamlined check writing and printing software - available at http://www.halfpricesoft.com/product_ezCheck.asp - was designed with direct input and guidance from those

who use it "in the trenches" every day. The newly upgraded version of the already popular product was updated with new report format and import/export data features, plus other intelligent changes recommended by customers.

Some main features include:
- Print on standard size checks or on 8 ½ x 11-inch with 3-Per-Page, Check-on-Top, Check-in-Middle, and Check-on-Bottom options.
- Customize check layout for a personalized look when printing on blank check stock
- Support Logo and Signature images
- Print checks from blank computer check paper or pre-printed checks.
- Print pre-printed blank checks to fill in manually at a later time or to use with other software such as Excel file, Quicken, QuickBooks and Microsoft Money.
- Fast Data Import/Export features
- Support unlimited accounts and unlimited checks
- Easy to use report feature helps users record and track checks they've
- Print check over network.(network version only)

Never reorder checks from the bank - which often results in costly delays and fees.

Free up human resources for higher productivity and more sustainable savings, as check printing and writing software saves time and reduces labor and accounting errors and mistakes. Users can also customize their checks to distinguish themselves and promote company identity and marketplace recognition. Each time a check is printed it enhances the business image and strengthens brand identity as free advertising. Choose from various font sizes or add a custom logo to checks, for an added touch that separates a business from competitors and gives customers added confidence in the company's professionalism.

Best of all, users can now get the software and the check printing paper absolutely free by using the special TrialPay offer. TrialPay lets customers pay for products from more than 7,500 online sellers and, for example, a consumer could buy clothing from the GAP or other retail partners and get a full license to use ezCheckPrinting software or check paper free of charge.
