Is your business a market leader in Food Safety and Quality Compliance?

Our clients come back to us time after time because we provide their businesses with resources so effective that they become the envy of their competitors. And the best part is that we actually make your Food Safety and Quality systems easier to manage. Turnkey solutions? Check! User friendly applications? Check! Staff mentoring and communications? Check! And check mate.

We are Alimentex…

We are experts in Food Safety and Quality development, documentation and implementation and we've provided our clients with top-notch support since 2000. We specialise in innovative solutions to produce superb, tailored Food Safety and Quality outcomes delivered on-time, under-budget and within specified parameters.

And because our process is results-driven we work backward to discover what your Food Safety and Quality scenarios really need and then engage them with outstanding assistance that serve their needs and save you time, effort and money.

What can we do for you? We'll investigate your business. We'll create a profile of your perfect Food Safety and Quality goals. Then we'll help you to create Food Safety and Quality outcomes that maximise their effectivenes.

More than Food Safety. More than Food Quality. We build Sustainable Systems.

If you want to maximise business efficiencies, lead your food industry sector and minimise risks to your business, then you've come to the right place. We are Alimentex, an Asia-Pacific based food industry consultancy with successful clients across the globe. And we can do for your business the same thing we do for theirs: Combine experience, discovery, strategy and development to maximise your Return on Innovation? **Come on in…**

We give you more for less…

Some Food Safety and Quality Consultancies are more interested in making money than providing top notch services to their clients… **but not Alimentex!** We have a mandate to ensure our clients receive the best Return on Commitment possible through their interactions with us. We will work with you to achieve Food Safety and Quality greatness throughout the scope of your business operation.

Who are we?

Alimentex Pty Ltd was established by Aron Malcolm, one of Australasia's most experienced and reputable Food Safety and Quality Specialists.

Aron has formidable experience as a high calibre Auditor of Food Safety and Quality Systems covering HACCP, SQF, BRC, ISO22000, FSSC22000, Global Retailer and Private Food Safety and Quality Standards… over 4500 high-calibre audits to date and counting!

Engage our consultancy services & within a short timeframe you will come to appreciate our unique commitment to providing your business with the best Food Safety and Quality Resources available.

ALIMENTEX = ✔ STRATEGY + ✔ INNOVATION + ✔ DEVELOPMENT X ✔ EXPERIENCE

haccp.com

We understand the high levels of commitment, human and financial resource allocations required to manage Food Safety and Quality Systems at the highest level. This is why we developed haccp.com as your knowledge, information, training and review tool for Food Safety and Quality Management! We believe that Food Safety should not be a competitive advantage - It is an expected ethical responsibility that should not be controlled by the excessive fees and charges by some Food Safety and Quality Consultants!

Does your Food Business struggle under the burden of multiple Food Safety and Quality Regulations, Customer and Industry Standards and Industry Guidelines? foodindustrycompliance.com is the Quality, Safety and Risk Management resource you have been waiting for! The foodindustrycompliance.com mantra is simple... We aim to provide an accessible online Food Safety and Quality resource to assist you and your business in achieving continuous improvement against the requirements of Food and Consumer Law, Customer and Industry Standards and accepted Food Industry Best Practice.

foodindustrycompliance.com

certificationbodyfinder.com allows users of to ensure their certification and accreditation processes remain cost effective by providing the ability to request and receive quotations from multiple Certification Bodies with the click of a button. This is significantly more time and resource efficient than current methods, which rely on substantial time and efforts from businesses being certified to specified standards. Imagine being able to review the quotation for a single, or multiple certifications within a user-friendly format from Certification Bodies you choose, within the timeframe that suits your schedule… certificationbodyfinder.com is your one and only certification quotation resource!

The easiest way to describe approvedsuppliernetwork.com is as the world's smartest and most organized filing cabinet… A filing cabinet that does the filing for you and lets you know whenever the files change, approach expiry or have expired. You have complete control over the content of your file, and most importantly, you decide and control who can access your details. With a secure permission based platform, you control the Users that have access to your details on approvedsuppliernetwork.com. You can upload Approved Supplier Documents to approvedsuppliernetwork.com and your existing or potential Customers (whom you have granted access) can view and download them as required.
