### **Ellie Diagnostics and PSIVet Announce Partnership**

Ellie and PSIVet join forces to enhance the diagnostic experience for over 5,500 veterinary clinics nationwide.

**Dallas, Texas** — Ellie Diagnostics announced a new partnership today with PSIVet. Through this partnership, Ellie Diagnostics will offer veterinarians access to high-quality diagnostics through its network of modern animal reference laboratories. With Ellie, veterinarians can enjoy superior customer service and great prices with no contracts or unexpected price increases.

“We’re thrilled to partner with one of the largest and most progressive veterinary organizations in the country,” said Mark DeCourcy, CEO at Ellie Diagnostics. “Veterinarians deserve a better way to access laboratory testing. Outdated lab contracts need to be replaced with innovation and the latest technology. This partnership is helping make that a reality for PSIVet members.”

“We are excited to partner with Ellie Diagnostics. No long-term contracts are required and PSIVet members can expect great customer service, quality diagnostic results and competitive prices,” said Pat McCarthy, President of PSIVet.

Ellie Diagnostics has an amazing team of dedicated account managers who are completely focused on providing all their partners with superior customer service. The Ellie team is available to answer any question 24/7 via phone or email ensuring there is never a question that goes unanswered.

The Wellie report from Ellie Diagnostics is an innovative tool that offers a numerical score of a pet’s health. Veterinarians and pet owners now have a report that demonstrates proof of a pet’s wellbeing based on their bloodwork. Ellie is dedicated to transforming animal health by making wellness testing more accessible to everyone.

With this partnership Ellie Diagnostics and PSIVet will continue to uphold a personal touch for all members. Customers will enjoy Ellie's superior level support, training resources and proprietary suite of advanced software. PSIVet members can now access Ellie Diagnostics' full menu of services.
