

# SRP/SRM Train the Trainer Full-Day Workshop

## SCHOOL SAFETY

Schools and Districts face school safety challenges every day. Recent Colorado legislation grant funding for the SAFER (School Access for Emergency Response) program will bring essential training to school safety teams invested in school safety.

## TRAIN THE TRAINER

Join John-Michael Keyes for this one-day session addressing key components in the school safety spectrum. The day starts with The Standard Response Protocol. The history. The evolution. And today's practices. Including classroom training. Emergency communications. High level drills. Day to day operations. From Pre-K to 12 and beyond.

That's not all. Deep diving the Standard Reunification Method. How it works. Who does what.
