

How To Fill Out And File IRS Form W2C

As an employer, you are required to print W-2 forms for your employees and file w-2 form to government. If you discover an error, you need to file Forms W-2c (Corrected Wage and Tax Statement) and W-3c (Transmittal of Corrected Wage and Tax Statement) as soon as possible..

To correct a Form W-2 you have already submitted, you will need to file a Form W-2c with a separate Form W-3c for each year requiring correction. You need to file a Form W-3c whenever you file a Form W-2c, even if you are only filing a Form W-2c to correct an employee's name or Social Security number (SSN).

If you do not have this W2c software, [ezW2Correction](#), installed, you can download it for free from [halfpricesoft.com](#). No registration needed and no obligation. You can follow the step by step online instructions to finish the installation in minutes

This W-2C software is compatible with Windows 8.1 system, 32-bit or 64-bit. It can run on Windows 8, 7, XP, Me, 2003 and Vista system too.
