

THE BREWER'S CABINET

EST. 2012

Born & Brewed IN NEVADA

Brewed in Reno since 2012, The Brewer's Cabinet and their original Tahoe Beer beckons craft beer lovers of all kinds. Since first opening, their Brew Masters have been fully empowered with no limits put on their style and creativity, which allows their passion and love for the craft to shine through in every sip. Flare, flavor and fun dominate their year-round flagship beers, signature brews such as Dirty Wookie and Dragon Punch and, their seasonal beers like Oktoberfest and the Imperial Stout. The Brew Team at BC love to collaborate with local chefs and restaurants to produce innovative and unique beers.

Tahoe Amber

AVAILABILITY: Year round,
12oz cans and draft
ABV: 6.4%

*Fairly high hop aroma from
Cascade and Willamette hops.
Moderately high
caramel maltiness.*

We've converted cautious beer drinkers and beer aficionados alike with our classic Amber Ale. Our surprisingly complex Amber Ale is one of our favorites in the lineup. Rich, caramel notes dominate the nose, while Northwest hop varieties balance the sweetness. Subtle chocolate, and toasty malt flavors make up the body of the beer. With its elegant Amber color, accentuated by the creamy off-white head, we believe it truly embodies the Tahoe Beer spirit.

Tahoe Pale Ale

AVAILABILITY: Year round
12oz cans and draft
ABV: 5.2%

*Strong hop aroma from
Dry-hopping, Citrusy hop
character from cascade hops.*

Our Tahoe Pale Ale is a tribute to the many great American Pale Ale's that came before it. Big, beautiful hop aromas are immediately evident on the nose. On the palate it begins with a dry, citrus note and finishes with a slightly toasty, refreshing character. It's simple, golden to slightly amber hue embodies what we feel an American Pale Ale is. Go have an adventure, and bring some along.

Tahoe Blonde

AVAILABILITY: Year round
12oz cans and draft

ABV: 5.5%

*Light to moderate sweet malty
aroma. Low fruitiness and
medium aroma.*

Our Tahoe Blonde Ale is a crisp, light, and refreshing golden ale. German and Czech hop varieties along with Munich malt give our Blonde Ale a floral nose and rounded flavor and body. This is our go-to summer beer; easy drinking with a relatively low abv.

Dirty Wookiee

AVAILABILITY: Year round
Draft only
ABV: 7.1%

*Malty, sweet and rich
Chocolate, caramel and
toasty quality.*

Our Dirty Wookiee is a truly fun beer with loads of personality. We've set out to create a rich, big, and bold Brown Ale that seems to please just about everybody. With six distinct malts and generous late kettle hopping, the Dirty Wookiee drinks very balanced with an amazing creamy mouthfeel. This beer is great all year round, but we particularly enjoy it after a day on the mountain.

Dragon Punch

AVAILABILITY: Year round
Draft only
ABV: 6.8%

A prominent hop aroma with a nice citrus due to the Northwest hop Sorachi Ace and Cascade.

What began as a one-off solo hop IPA in our brewpub has evolved into our flagship IPA. After much refinement, our Dragon Punch now delivers a unique take on the West Coast IPA genre. It's copper and ever-so-slight red hue, paired with a lemon forward, spiced hop character, truly sets it apart. Our Dragon Punch is a touch on the malty side compared to other IPA's, but with a considerable amount of hopping. From first wort to dry hopping, this beer speaks to the hop heads out there.
