FEATURES

- Shapes, sticky notes, & labels
- No edge boundaries for your big ideas
- Security controls for teams
- Collaborate or view only board modes

OVERVIEW

Limnu brings the experience of a physical whiteboard to online meetings. It is simple enough for anyone to pick up and use. It facilitates brainstorming and discussions by letting you capture and build upon your team's ideas. Limnu is fast enough to feel tactile, like you're drawing on a real whiteboard, and fast enough to collaborate in real time.
