

ECHO EDUCATION TECHNOLOGY

EDUCATION POWERED BY INNOVATION

Immersive Interactive

What is Immersive Interactive?

- ✓ Immersive Interactive provides virtual learning spaces that are fully interactive and multisensory, engaging through sight, sound, smell, and touch.
- ✓ Immersive Interactive allows you to transform a single modern classroom, or multiple rooms, into an immersive space where learners can interact with the walls and surroundings, enriching every aspect of their education.
- ✓ Immersive Interactive's initial design was to provide a multisensory teaching platform for children with autism and we continue to evolve our special needs content today.
- ✓ Immersive Interactive provides in-house, tablet-based software allowing you to choose between a library of content or easily create and share your own.
- ✓ Immersive Interactive is a turnkey solution providing you all of the hardware, software, installation and training to transform your classroom or any space in virtual learning spaces.
