**SCA Appraisal Launches Dedicated Department of Insurance (“DOI”) Re-inspection Unit: Names Jose Hermida Unit Leader**

Burbank, CA – In response to the growing demand of insurance carrier clients for Department of Insurance “(DOI)” re-inspections and regulatory compliance, SCA Appraisal has launched a newly-formed DOI Customer Success Unit. Most SCA clients know Jose Hermida as he has been servicing SCA clients for over 20 years and is a client favorite. Jose will be leading the new DOI- CSU program.

“The regulatory requirements in some states is becoming ever more complex and compliance is critical for our clients. The establishment of a dedicated unit ensures that compliance.” says Tim Davis, President of SCA Appraisal. “Being able to meet the unique needs of our clients in specifically-regulated markets with the DOI program further illustrates our evolution from an independent appraisal company to an integrated appraisal company.”

Clients will have three program options within the DOI program. Specific vehicles can be assigned for re-inspection. A selection of vehicles can be made by SCA based on geography and claim count. Or, clients can opt for a fully-managed program that uses rental car logs to identify re-inspection opportunities in order to meet compliance. In all cases SCA provides the necessary re-inspections and supplemental reporting.

In business since 1979, with franchise and supplier resources in all 50 states, SCA is a leading provider of private passenger auto, specialty, heavy equipment and financial services appraisals.
