

eQube[®]-MI – Digital Backbone for the Enterprise

▶ Orderly migration to Teamcenter

- From legacy Teamcenter Enterprise or Teamcenter Engineering
- From other PDM / PLM systems (Windchill, Enovia, Agile)
- From legacy homegrown systems

▶ Proven and robust methods

- Dozens of customer success stories
- Multiple migration / synchronization approaches to ensure no business disruption

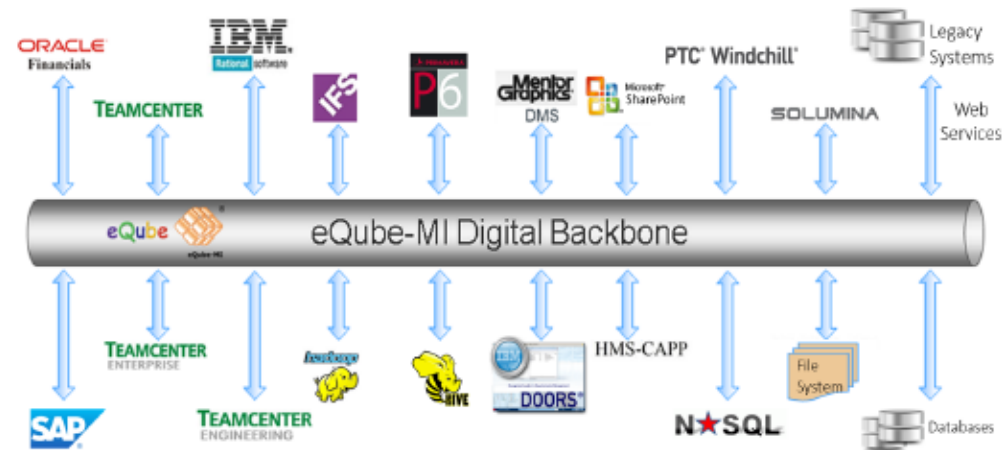

- ### ▶ Teamcenter on the Digital Backbone – efficient integration with SAP, IFS, DOORS, Primavera, Solumina, HMS-CAPP, Sharepoint, legacy systems, ALM, etc.

eQube® –MI Deployment Options

► On-premise

► Cloud deployment – PaaS

- One-time migrations
- Secured gateway to MI in the 'cloud'
- On-going integrations
