For Immediate Release

October 5, 2017

Husky Rack & Wire Rebrands Matrix Guard To Velox Machine Guarding

Husky Rack & Wire is excited to announce the rebranding of its innovative and versatile Matrix Guard to **Velox Machine Guarding**. The Velox product design, engineering, specifications and manufacturing is identical to its predecessor Matrix Guard – only the name has changed.

The **Velox Machine Guarding** is designed to create a safe and secure working environment that protects both workers and equipment. It can dramatically reduce the potential for accidents and regulatory fines. Its unique design allows for quick and easy installation and field modification to significantly reduce installation time, labor and cost.

- *Worker Protection*
- *OSHA Compliance*
- *Patented Hook Design*
- *Fast Installation*
- *Simple Modification*
- *Lightweight Strength*
- *High Visibility*
- *Quick Ship Guaranteed*

Visit our website at GetVelox.com for more information on this fast-installing, cost-effective and easily modified machine guarding system.
