

## Movavi Video Editor Plus

Looking for an easy-to-use video editing app with advanced creative tools? Movavi Video Editor Plus will give you all the features of the standard Video Editor, as well as cool additional functionality.

- Upload videos and photos in any popular format
- Use the Montage Wizard to create videos automatically
- Assemble slideshows in a flash with Transition Wizard
- Cut, crop, and rotate videos on the timeline, enhance image quality
- Apply artistic filters, add smooth transitions between sections
- Animate titles, stickers, callouts, and overlay videos
- Use Chroma key, Pan & Zoom, and other special effects
- Use Stabilization to fix motion distortion
- Add your own music or choose from ready-made tracks
- Adjust audio with the equalizer, detect rhythms, normalize volume, add sound effects
- Bonus built-in content: 16 new sample videos, 86 stickers, and 22 music tracks
