## What's unique about PAIRIN Pathways?

PAIRIN Pathways is the first career exploration tool that respects and supports the non-linear nature of most individual's paths. By combining hard and soft skills with previous job history and interests, PAIRIN guides people to the experiences, skills and programs that will accelerate their success.

## What is The PAIRIN Survey?

The PAIRIN Survey is the only soft skills assessment that measures more than 100 attributes. It is based on over 60 years of scientific research.

## How does PAIRIN Pathways' career exploration work?

Detailed information is available for over 600 careers which can be filtered by personal preference, desired location, salary, education requirements, job tasks, opportunity rating and so much more. You can even customize a résumé and generate job-opening-specific versions optimized to increase employee response rates.

## Does PAIRIN Pathways help me develop toward my goals?

Yes! Detailed, graphical, cross-industry mapping helps you develop both soft and hard skills while in certificate or degree programs. Insights, tips, and personalized curriculum are also available to help you develop your skills before you need them on the job.
