Add movie or YouTube video to flipbook

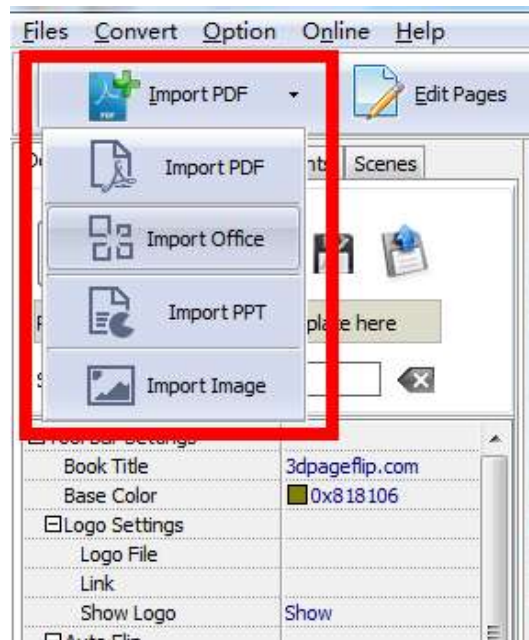

[3D PageFlip Professional](#) is professional software which enables you to add video or YouTube video to the page of 3D flipping book. More video in flipping book will make your flipping book more attractive. Imagine that all the stuffs or students are listening to your speech, if you only show them text or image, it is so boring. If you show them movie or YouTube video in your flipping book during your speech or presentation, it will astonish all people at present.

Add movie or YouTube video to flipbook

There are three steps for you to add movie or YouTube video to flipbook. It is so easy for you to finish the whole process without any professional skills.

Step 1: Launch 3D PageFlip Professional and import PDF files.

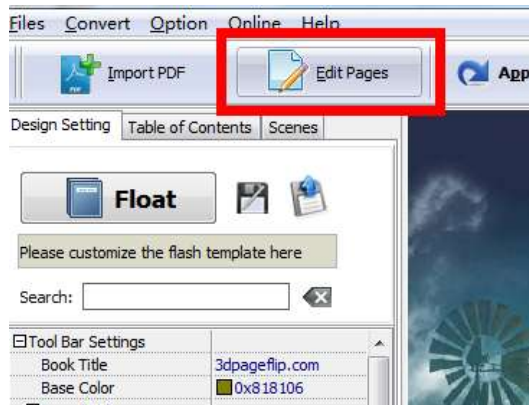

3D PageFlip Professional is a powerful software which enables you to import PDF files, Office files, PPT and images.

Add movie or YouTube video to flipbook

Step 2: Click the icon of “Edit pages” and start to add video to flipping book.

You can add mp4 format video or YouTube video. It also enables you to set the properties of video.

Add movie or YouTube video to flipbook

The screenshot displays the Flip Page Editor interface. The main canvas shows a flipbook page with a video player embedded on it. The video player is highlighted with a red border and contains a video of a woman in a yellow jacket. The video player's properties are listed in the 'Properties of Video1' panel on the right, which is also highlighted with a red border. The 'Layers' panel on the right shows 'Video1' as the active layer, also highlighted with a red border. The status bar at the bottom indicates 'Editing 12 of 14', 'Page zoom percent: 60%', and 'Pages loaded successfully.'

Step 3: Save settings and publish it to flipping book.

3D PageFlip Professional

A vibrant 3D rendered scene featuring a bright blue sky with scattered white clouds. In the upper left, a biplane is flying, leaving a white circular trail. In the lower right, two traditional windmills stand on a rolling green hill. The central focus is the text "THANK YOU!" in large, blue, 3D block letters with a reflection effect below them.

THANK YOU!
