

★ THE GREATEST ★ AMERICAN HOODIE

IOWA CLASS ULTRA HEAVY WEIGHT

Built to defend the USA during WWII and in service up until 1991, the Iowa-Class were the biggest, baddest battleships the US Navy ever put out to sea. This hoodie is our tribute to these icons of American naval supremacy.

The Made in the USA Iowa Class hoodie pushes the limits of American engineering. The ultra heavy duty fabric requires enhanced tooling and results in a garment that feels like you're wearing 12 inches of Special Treated Steel.

A bow view of the battleship USS IOWA (BB-61) firing its Mark 7 16-inch/50-caliber guns off the starboard side during a fire power demonstration, 1984.
