VOTI Detection™ named one of Canada's Companies-to-Watch in the 2017 Deloitte Technology Fast 50™ Awards

[Montreal, November 9, 2017] —VOTI Detection™ received a Companies-to-Watch award that recognizes early-stage companies with strong growth potential. As part of the Deloitte Technology Fast 50 program, the Companies-to-Watch Award category honours Canadian technology companies that demonstrate promising potential to be a future Technology Fast 50 candidate.

VOTI Detection™ 's CEO Rory Olson, credits the innovative 3D Perspective™ technology and its software first approach with the company's record growth, greatly exceeding the current industry rate. Olson said, "Bringing technology innovation to an industry that has not seen any in over 50 years and the ability to utilize the vast x-ray security screening data to optimize detection enables us to save lives, protect people and assets."

Companies-to-watch winners are a class of companies that possess effective management experience and superior technology. They must also be headquartered in Canada and devote a significant portion of their operating revenues to creating proprietary technology or intellectual property. Recipients exemplify common traits of Deloitte Technology Fast 50 award winners.

"Companies-to-Watch winners deserve recognition for their early achievements and future potential," said Erica Pretorius, Partner and National Leader for the Technology Fast 50™ program at Deloitte Canada. "They demonstrate courage to take calculated risks. These outstanding companies are key to the future success of the technology sector."

About the Deloitte Technology Fast 50™ - The Deloitte Technology Fast 50 program is Canada's pre-eminent technology awards program. Celebrating business growth, innovation and entrepreneurship, the program features three distinct categories including the Technology Fast 50 Ranking, Companies-to-Watch Awards (early-stage Canadian tech companies with the potential to be a future Deloitte Technology Fast 50 candidate) and the Leadership Awards (companies that demonstrate technological leadership and innovation within the industry.) Program sponsors include Deloitte, Aequitas NEO Exchange, Bank of Montreal, Bennett Jones, CBRE, OMERS Ventures and Wellington Financial. For further information, visit www.fast50.ca.

About VOTI DETECTION™

Established in 2008, VOTI DETECTION™ is a leading-edge technology company that develops latest-generation x-ray security systems based on breakthrough 3D Perspective™ technology. VOTI's technology produces remarkably sharp and more revealing x-ray images that are competitively superior, while delivering enhanced threat detection capabilities and a vastly-improved user experience. Since its inception, VOTI DETECTION™ has consulted heavily with government agencies and security specialists worldwide to develop feature-rich and easy-to-use scanners that meet the sophisticated needs of modern security screening operations.
