

FOR IMMEDIATE RELEASE

PPC FLEXIBLE PACKAGING ANNOUNCES COMPLETION AND GRAND OPENING OF NEW PLANT IN COLOMBIA FOR ITS HORTICULTURE BUSINESS.

Buffalo Grove, IL, March 13, 2019 – PPC Flexible Packaging, LLC, a leading provider of custom flexible packaging for specialty food, healthcare, and horticultural markets, announced the completion of a new manufacturing plant in Bogota, Colombia. The Colombia plant will be occupied by Temkin PPC, a division of PPC Flexible Packaging. Temkin PPC designs and manufactures flexible film packaging for fresh-cut flowers and potted plants including sleeves, sheets, pot covers, and picks.

The company has constructed a 75,000 square foot manufacturing plant in Bogota, Colombia. The new building will allow Temkin PPC greater capacity and the ability to streamline all processes. The bigger plant will facilitate larger orders coupled with quicker turn-around times. Superior electrical efficiencies will result in advanced lighting and reduced CO2 emissions. The plant will also feature dock height doors for shipping ease. The new structure replaces the former building(s) and will significantly improve all activities due to its increased size and innovative features. The plant will employ over 100 individuals. There will be an added Showroom component to the new plant. Customers can visit the location and see the latest collections and new products. The Grand Opening is scheduled for Friday, March 15.

Noam Temkin, VP of Floral Sales, goes on to say, “We set out to create a space that would meet our immediate expansion needs plus allow us to continue to expand our Colombia operations. We are beyond excited with the results.”

ABOUT PPC FLEXIBLE PACKAGING, LLC AND TEMKIN PPC

Based in Buffalo Grove, Illinois, PPC Flexible Packaging is a leading provider of converted flexible packaging for the healthcare, medical, organic snack, pet food, bakery, horticulture, and produce markets. The company excels in the design and manufacture of value-added printed, laminated, and stand up pouch packaging for the most demanding applications.

Temkin PPC designs and manufactures flexible film packaging for fresh-cut flowers and potted plants including sleeves, sheets, pot covers, and picks. They offer versatile stock patterns as well as custom printing on all of their products. Every product is available in a variety of materials, cuts, and styles. Whether it's a coordinated program, a stylish new sleeve, or a custom floral pick, Temkin PPC assists their customers to create an enticing look for their blooms.

Recognized for its focus on exceptional speed to market, the company excels in delivering service, quality, and technology to its valued customer base. Please visit www.gotemkin.com.
