An educational animal game available in 16 different languages – fun for kids of all ages. Children learn to match animals to their names using clues to animal's attributes. Great for infants, toddlers and preschoolers. More fun than flash cards, children will learn to:

- Develop their native language skills
- Learn a new language
- Work on their coordination and concentration
- Hone their speed and motor skills

A game that can keep children entertained while they learn.

- Choose from 16 different languages for your audio
- Select the same or a different displayed language
- 3 levels available: beginner, intermediate and advanced
- Ad free, suitable for all ages
- Compatible with iPad, iPod, iPhone and Android devices

### Level 1: Beginner

Rotational speed is slower and the word is read out loud once when the word first appears and then read out loud again when the animal is matched correctly to the word.

### Level 2: Intermediate

Rotational speed is faster and the word is only read out loud when the animal is matched correctly to the word.

### Level 3: Advanced

Rotational speed is fastest and the word is only read out loud when the animal is matched correctly to the word.

Parents can mix and match the audio and displayed language, providing opportunities for children to learn a new language, or practice in several languages. The 16 languages include:

- Arabic
- Bengali
- Chinese (Cantonese)
- Chinese (Mandarin)
- English
- French
- German
- Greek
- Hindi
- Italian
- Japanese
- Korean
- Portuguese
- Russian
