

FROST & SULLIVAN

## ComplianceQuest's Enterprise Quality Management Solution is Recognized with Frost & Sullivan's Entrepreneurial Company of the Year Award

[DOWNLOAD REPORT](#)

The ComplianceQuest solution is an innovative Enterprise Quality Management System built on the modern cloud architecture leveraging advanced technologies such as collaboration, mobility, artificial intelligence, and machine learning. ComplianceQuest's decision to use the Salesforce cloud is an astute decision to focus and drive innovation into its solutions while leveraging everything the Salesforce business platform provides today and in the future. The breadth of this timely solution's offering clearly demonstrates the company's path-breaking ability to rapidly deliver differentiated value in the market.

“ComplianceQuest's unified suite of applications outperforms the competition in covering quality, manufacturing, supplier management, customer/field service, health and safety that will drive excellent business value for the customer.”

Muthuraman Ramasamy | Research Manager
