

**About Arcadier Pte. Ltd.**

Arcadier is the first Marketplace-as-a-Service (MaaS) company in Asia, and it is considered a global leader of marketplace technology. Based in Singapore, Arcadier offers multi-tiered marketplace services for companies of varying sizes, needs, and geographical locations. The dedicated team at Arcadier aims to push boundaries in online marketplaces, and change the world through one marketplace at a time.

**About Dinuke Ranasinghe, Chief Executive Officer**

An industry leader with a passion for emerging technologies, Dinuke has over 20 years of experience in designing and launching innovative products in new markets. Dinuke holds degrees from the University of Oxford, Australian Graduate School of Management, and the University of Sydney.

**About Kenneth Low, Chief Commercial Officer**

A highly experienced strategist, Kenneth has over 15 years of experience in scaling businesses across diverse markets. He holds degrees from the University of Oxford, University of Western Australia, and is a chartered accountant.

**About Paul Cascun, Chief Technology Officer**

An entrepreneur with over 20 years of experience, Paul is no stranger to building businesses from start-up stage, or inventing new (patented) technology. Paul holds a degree from the University of Technology, Sydney.
