

# At Last, the One Ultimate Credit Reporting Tool That Does It All.

Ansonia's **Dashboard** is loaded with fully-automated portfolio intelligence products that will streamline your credit decisions and save you precious time and resources. Get the insights and controls you need to manage your A/R portfolios more profitably.

- Quickly identify at-risk accounts or accounts trending up or down before they become write-offs
- Identify unusual trends and/or balances
- Have real-time visibility to key performance indicators
- Automate manual processes to save time and money

Ansonia is a leading provider of commercial credit data, portfolio monitoring and automation. Bring the power of Ansonia's **Dashboard** to your business. Call us to get started today.
