

Longview Solutions and Solution B.I Canada become Global Partners to help the Office of the CFO meet their future challenges

Montreal / Toronto | October 23, 2019 – Longview Solutions, Inc. is teaming up with Solution B.I Canada Inc. in a new global alliance to help companies move beyond complex, costly and inflexible Finance systems. Their joint mission is to deliver an easy, complete and collaborative solutions for the most challenging users of a company: CFOs.

Present for many years in companies from Quebec, Longview didn't have a premier technical partner located in Quebec and French-speaking countries. The expertise of Solution B.I consultants on the diverse financial tools of the market will be helpful for companies which need strong financial support services. Longview and Solution B.I's strategic partnership brings together Solution B.I's expertise in helping their clients overcome the specific challenges around financial transformation, business process optimization and analytic reporting with Longview's industry recognized Connected Finance platform.

Christophe Balmy, Directeur Innovation & Marketing at Solution B.I, comments: *« Longview is an extremely capable cross-industry solution with a strong Office of the CFO focus. It consists of a robust set of solutions with Longview Close, Plan, Tax and Analytics – that are even stronger when working together as a single solution to help companies achieve their performance management goals. Solution B.I is pleased to leverage our strong relationship with Longview to provide additional benefits for our clients. »*

Tom Weaver, North America Alliance Partner Manager at Longview adds: *« Longview has been helping clients address the challenges of the Office of the CFO for more than 20 years. In working together at multiple clients, we learned that Solution B.I Canada shares Longview's strategic*

vision and our commitment to customer focus, innovation and product excellence. For this reason, our company is very pleased enter into a new partnership with the Corporate Performance Management experts at Solution B.I. »

###
