

GET ALARM NOTIFICATIONS ANYWHERE, ANYTIME

WIN-911 Mobile brings new time-saving tools and features to the latest generation of mobile devices, giving your team a faster, easier way to respond and resolve industrial alarm conditions in real time.

Compatible with: iOS and Android

Optimize Decision-making

Reduce guesswork with real-time alarm event data

Streamline Team Communications & Collaboration

Prevent miscues, spark ideas, share solutions

Gain Instant Visibility Into Alarm Details

For faster problem resolution

In-App Configuration

Customize formats, control your on-call status, configure notification tones

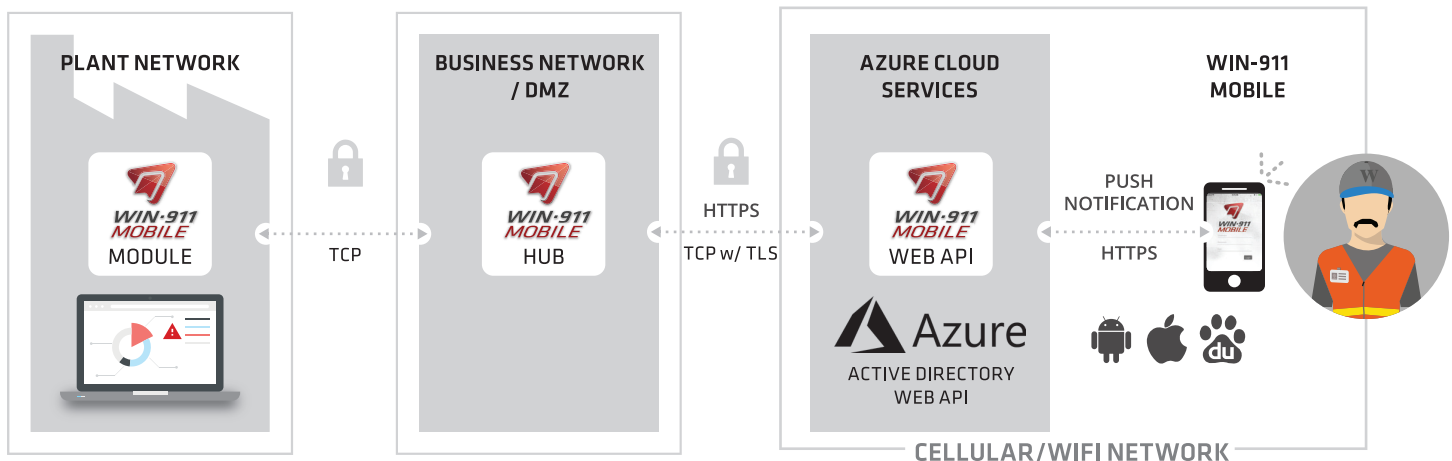

“WIN-911 Mobile is easy to configure and displays alarms in no time. The best part is that I got the app working without our IT team. It’s makes things so much faster and easier.”

Hennie Vorster,
Electrical and Automation Engineer

Industrial-Grade Security

Web traffic is encrypted with HTTPS and all connections are outbound initiated, meaning you can deploy WIN-911 Mobile without opening a port on your firewall, or making intrusive changes to your corporate network infrastructure.

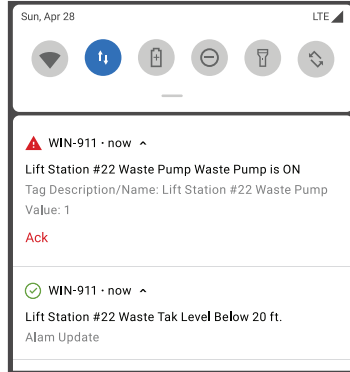

THE WORLD'S #1 ALARM NOTIFICATION APP IS FEATURED-PACKED:

CONFIGURABLE PUSH NOTIFICATIONS

Choose a ringtone loud enough to wake you, plus:

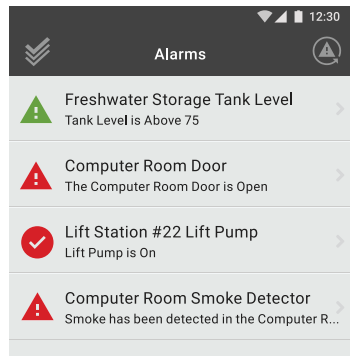

- ▶ Alerts you to alarm, report, and chat activity
- ▶ Acknowledge alarms with a single click
- ▶ Supports smartwatch notification

GAIN INSTANT INSIGHT INTO YOUR ALARMS

So you can prioritize what to work on now.

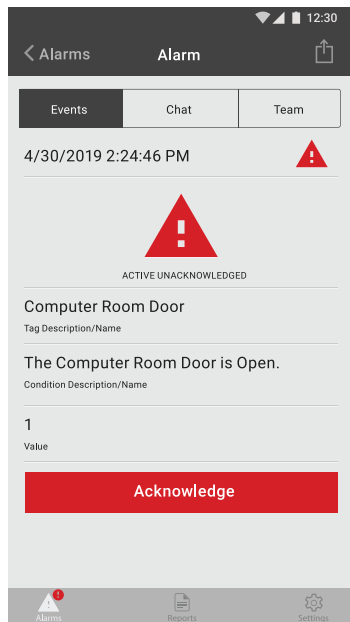

- ▶ See alarm changes in real-time
- ▶ Current alarm states at a glance
- ▶ Multi-selectable alarm acknowledgments

ALARM DETAILS

Gives you up-to-date alarm details and history at your fingertips, as well as:

- ▶ Configurable properties from within the app.
- ▶ Acknowledge alarms with comments

COLLABORATIVE CHAT

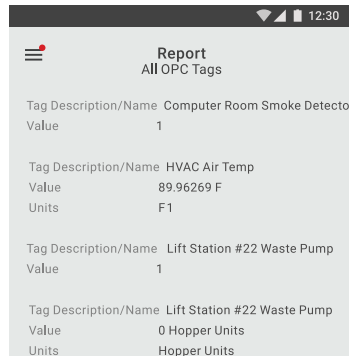

Gives everyone an easy way to collaborate, comment, and share ideas to resolve problems faster. Each alarm instance has its own chat room.

REPORTS

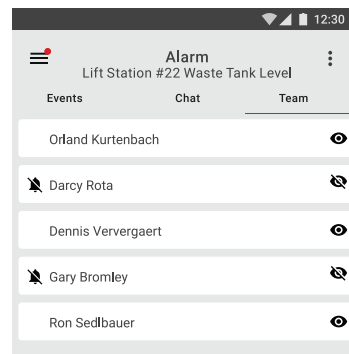

Get the details you need to make informed decisions

- ▶ Display real-time process values and alarm states
- ▶ Reports automatically sync with WIN-911.
- ▶ Push reports on specific alarm conditions

TEAM VISIBILITY

- ◉ Who's seen the alarm?
- ◉ Who hasn't seen the alarm?
- ◉ Who's been sent the alarm?
- ◉ Who's in 'Do Not Disturb' mode?
