

Auto flip option in FlipBook Creator Professional

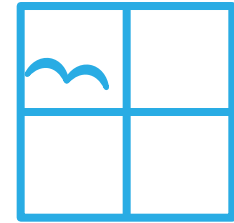

Convert PDF to Flipbook

[FlipPageMaker](#)

Flip Page Maker

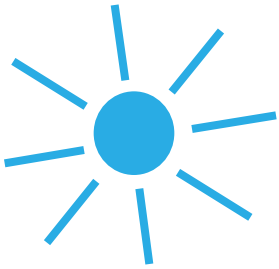

FlipBook Creator Professional is a profession type of flipbook software to convert PDF files to page- flipping digital publications. It allows you to embed **videos (youtube, vimeo and more..), images, audio, graphics, slideshow, button, flash, hyperlinks, hotspots** and more multimedia objects to flipbook pages.

Let your users view flipping Flash digital magazines from any computer or mobile devices (iPhone, iPad, etc.) in a convenient way.

Auto Flip Option

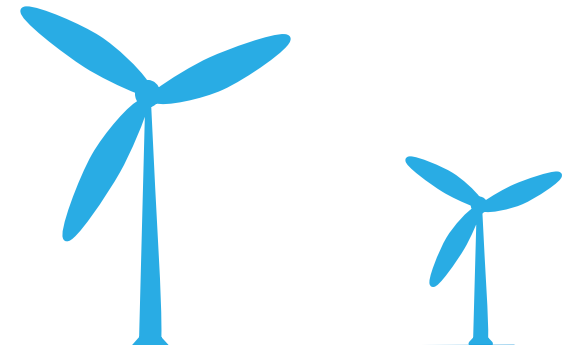

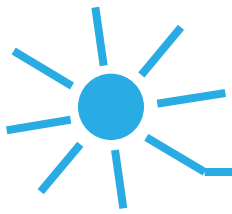

[FlipPageMaker Professional](#) also provides you with many professional options which allow you to do different settings to your flipping book, like setting to play your flipping books automatically.

You can set whether to auto play your flipping book or not. Moreover, you can also set the Flip Interval by entering a number. You can also set the “Play Count” by yourself. In addition, you can also set to show defaultly.

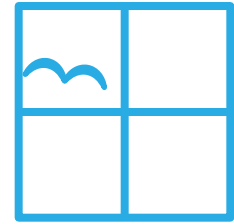

If you set to auto play your flipping book, you needn't to turn the pages of flipping book when you are reading the book. It is so convenient for you!
