
Design the Perfect Ring Stack at the Bring Your Own Bands Party by Razny Jewelers

For two days only, visitors can work with jewelry stylists to update their look with new designs from Sethi Couture.

CHICAGO and HIGHLAND PARK, Illinois, October 16, 2019 (Newswire.com) - Let's face it: When it comes to jewelry, wearing the same things over and over again loses its appeal rather quickly. But sometimes, all that's needed to fix that is a new way of looking at things. That's where Razny Jewelers, a local luxury retailer, is here to help!

Next week, Razny Jewelers will host their first-ever event with [Sethi Couture](#), where attendees can learn new ways to wear their favorite jewels. The [Get Stacked! Bring Your Own Bands Party](#) will take place at Razny Jewelers' downtown Chicago boutique on October 24th from 4PM-7PM, and at their Highland Park boutique on October 26th from 11AM-4PM.

Ring stacking, a jewelry trend that has gained momentum since its arrival onto the fashion scene last year, is considered by the fashion set an art form in itself. At Razny Jewelers' Bring Your Own Bands Party, jewelry lovers can work with jewelry stylists on staff to create brand-new looks to wear with any ensemble.

For those interested in adding a new [ring](#) or two to their jewelry box, visitors can also browse Sethi Couture's collection of delicate, vintage-inspired rings. Discover hard-to-find diamond shapes, like rose and old mine cuts, set alongside design details finished in unexpected ways.

Sethi Couture's 18kt gold stackable [diamond rings](#) also make heartwarming presents for birthday celebrants, new mothers, and loved ones. Gift them to someone special to commemorate a milestone in their lives -- or even just because.

Established in 2010 by sisters Pratima and Prera Sethi, Sethi Couture specializes in elevated everyday jewelry. By combining natural colored gemstones with vintage aesthetics, each piece exudes Old World charm and romantic appeal.
