

**Class 1 LED Beacon with 30 Strobing Light Patterns - Permanent Surface Mount - 1440 Lumens - 120/277 - 150' 16/3 SOOW  
CL1B-1227-150C**

**CL1B-1227 Flashing Strobe**

**Lamp Type:** LED  
**Dimensions:** 4.5"-High, 6.5" Diameter  
**Lamp Weight:** 3 lbs  
**Wattage:** 14.4  
**Lumens:** 1,440  
**Luminous Efficiency:** 100 Lumens per Watt  
**Lighting Configuration:** Strobing Flash  
**Voltage:** 120-277V AC w/ external power supply  
**Mounting:** Permanent Mount, 1" NPT Pipe Mount  
**Wiring:** 150' 16/3 SOOW Cord  
**Ambient Temp:** -45°C to +55°C

**Features**

SAEJ845, Class 1- Brightest Rating  
Permanent Mount  
120-277 Volts AC  
Multi-Strobe Pattern Options  
Waterproof

**The Larson Electronics CL1B-1227-150C Class 1 LED Beacon works on 120 to 277 volts AC, offers a choice of several colors and is equipped with a permanent mount system and 1 inch pipe mount embedded in the base. This beacon comes with a 150' 16/3 SOOW cord.**

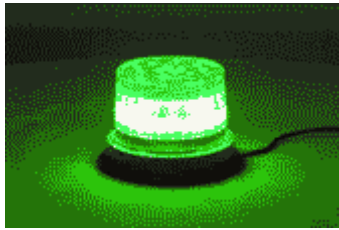

This compact, high powered LED beacon contains an LED lamp assembly that produces 360° of brilliant light without the dark spots or unevenness of traditional incandescent beacon lights. This beacon is equipped with auxiliary LEDs on top, helping to make this a Class 1 rated beacon and capable of producing a brilliant flashing pattern that is visible at extended distances. Available in a choice of white, green, blue, amber or red colors, this strobing beacon includes a permanent mounting system via through holes and self tapping screws. This unit also includes a 1" pipe mount embedded in the base This permanent mounting system provides maximum mounting security and reliable performance.

Available in Green, Amber, Red, White, and Blue. Choose your desired color below.

This LED beacon has 30 flash patterns including four simulated rotating patterns. This unit also offers alternate or simultaneous flash patterns with up to eight connected LED beacons. This waterproof beacon has a black powder coated die cast base that contains a fully potted circuit board. A clear polycarbonate lens protects the LED assembly and the housing is waterproof, shock resistant and built for reliable and durable operation. This LED beacon draws only 0.12 amps on 120 volts and is universal voltage, operating on 120-277V AC.

At Larson Electronics, we do more than meet your lighting needs. We also provide replacement, retrofit, and upgrade parts as well as industrial grade power accessories. Our craftsmen can custom build any lighting system and/or accessories to fit the unique demands of your operation. A commitment to honesty, quality, and dependability has made Larson Electronics a leader in the lighting and electronics business since 1973. Contact us today at 877-960-2536 or message sales@larsonelectronics.com for more information about our custom options tailored to meet your specific industry needs.
