## **Missouri Drivers are now eligible to start filing for their Gas Tax refunds with the State of Missouri via the NoMoGasTax App!**

In 2021, Missouri increased the State Gas tax by 2.5 cents per gallon per year, for the next 5 years (\$.15/gallon total). The State anticipates they will **collect over \$500M from this new tax alone**. The good news for drivers, boat owners, farmers, or any gas purchasing consumer, is that this tax increase for automobiles and all gas taxes for non-highway vehicles are **100% refundable!** NoMOGasTax is an easy to use mobile app that will help capture images of gas receipts and assist Missourians in filing the appropriate paperwork to get your rebate and refunds.

The State has set very specific and complex rules along with manual forms that must be filed in order to claim rebates and refunds for gas taxes paid. The NoMOGasTax app makes the whole process easy for you. The APP will capture pictures or images of drivers' gas tax receipts as you make gas or diesel purchases throughout the year. The APP will then assist users to autofill the MO4923 rebate forms and guide you through the submission process so you can get your cash back!

Department of Revenue Director, Wayne Wallingford, announced on May 4 his department does not want motorists to send in original gas receipts issued by a service station.

*"That's too cumbersome. People will need to keep their paperwork from the gas station but we're going to trust people who report their receipts on the DOR form,"* he said at the time.

***The NoMoGasTax app makes this data collection, retention, and refund filing simple and easy!***

The State has a very tight window for which you can submit claims for this rebate. The window for filing is July - September. The Gas Tax rebate is open to non-missouri residents. Vehicles do not need to be registered to the state of Missouri for gas purchases filed for a refund.

NoMOGasTax app is available in the apple app store today and coming to Android soon!

- **Boats** – 100% of your gas tax is refundable!
- **Farm Equipment** – 100% of your gas tax is refundable!
- **Airplanes/Aviation** – 100% of your aviation fuel tax is refundable!
- **Automobiles** – 100% of the new SB262 tax increase is refundable for most!

**More about NoMOGasTax - ([www.nomogastax.com](http://www.nomogastax.com))**

NoMOGasTax app was built in response to Missouri Senate Bill 262 which increased the gas tax by 2.5 cents per gallon every year for the next 5 years (\$.15/gallon). This tax is 100% refundable to most automobile drivers. After researching the laws, we quickly realized that the State allows citizens to get a cash back rebate for 100% of the tax paid on non-highway vehicles, planes, boats, and construction equipment, yet very few people know how to file the refund! ***For many households, the rebate checks could be over \$1000!***
