

## QUALITY POLICY STATEMENT

**Turbine Technics, Inc. (TTI)** specializes in the distribution of parts and components for industrial and marine gas turbine engines. Our goal is to consistently provide efficient and courteous customer service, delivering high quality parts at a competitive price with prompt, reliable delivery.

This will be supported by well-defined processes, a state-of-the-art and organized facility, and excellent training for all employees.

Management will adopt a culture that fosters integrity, sense of responsibility, and continual improvement through compliance with the ISO 9001 standard.
