

BEAUTIFUL SMILES ARE JUST THE BEGINNING

Healthy Start Lecture Information Orange County

July 21-23, 2016

We are very excited that you will be attending our training for the Healthy Start on July 21-23, 2016. We are looking forward to three great days of learning.

Here is some important information to help you prepare for the training: Your registration fee covers all training costs for you and your team members. We are PACE accredited and you will earn 21 hours of CE credits for the three days. We encourage you to bring your entire staff. If you are unable to bring your entire team, have your office manager and a key team member attend, who will champion Healthy Start in your office. We have found that doctors who bring their entire team have more success in transitioning the Healthy Start into their practice and starting cases right away.

All necessary training materials will be provided for you and your team members. Please plan to have your staff attend the Live Patient Workshop on Saturday. Please bring a set of your lab coats/scrubs for the workshop day.

Please email us at info@thehealthystart.com the names and the roles of the team members who will be attending the training. Please send these names to us by Monday, July 18, so that we can get all of the name tags, training materials, etc. ready for the lecture.

Thursday
8:30 a.m. - 4:30 p.m.

Friday
8:30 a.m. - 4:30 p.m.

Saturday
9:00 a.m. - 1:00 p.m.

LIVE PATIENT DAY

The Saturday Live Patient Session is an invaluable part of the Healthy Start Clinical Training Event. If you are a local doctor, we encourage you to bring as many patients from your practice to the Live Patient Session for a FREE Healthy Start Consult. Doctor and staff's immediate family members who come to the Saturday session and start in Healthy Start may be eligible for a discount on their lab fee (valid Saturday only). If you have someone attending, please call us so we can reserve an appointment time for them.

If you wish to have current patients come in, our recommendation is that you offer those who attend the Live Patient Day a discount on their treatment.
