

Stop Making It Work.

Start Making It Happen.

Innovative business services that further your mission.

Our Services

At KDG, our focus is on your business, your growth, your future—on you. Using the latest technology, detailed insights, and expert consultants, we'll help your organization reach the heights it's always dreamed it could achieve. You've made it work. Now, it's time to make it happen.

Accounting Services

Take daily, weekly, monthly, and yearly accounting tasks off your plate. KDG has the tools, technology, and time to help you organize your accounting data.

Certified Zoho Development

Take advantage of all Zoho has to offer. Automate workflows, create reports, manage financials, and much more with the support of a Zoho Partner.

Custom Software Development

Bypass off-the-shelf software and find a customized solution fit for your needs or allow us to help you maintain and extend your existing applications.

Data & Software Integrations

Push your business forward. Make data exchange simpler and insights more actionable with custom integrations between your favorite software.

Mobile App Development

From GPS to data collection and logistics, we can make on and off-premises mobile technology work for any organization.

Tech & Cybersecurity Management

Keep your business up and running with network maintenance, hardware repairs, security audits, and on-site support with our award-winning team.

User Experience & Interface Design

Efficient software equals efficient organizations. We help our clients build and extend software that is both easy to use and breathtaking in efficiency.

Digital Marketing

Today's marketing requires more than a billboard. Discover the benefits of search advertising, digital press releases, and data-driven targeting.

"KDG took a very complicated project that they knew nothing about, took full ownership of it, and developed a very user-friendly system for our staff and clients to use."

-Dwight P. Ryan, President & CEO, Medtech for Solutions
