

Humanizing Technology

Focused on solving complex challenges, HumanTouch leads with business solutions and optimizes with innovative technology. Leverage HTX, the HumanTouch X-factor for exponential capabilities, expertise, ROI, and business value in digital transformation and mission delivery.

Cognitive Decision Management AI/NLP/ML (COGX)

Data is a powerful, untapped asset. Organizations need innovative strategies, solutions, and technologies to unlock the insights stored in data. Leverage AI/NLP/ML and human factor intelligence to integrate, analyze, and inform exponential decision-making.

Digital Transformation (DTX)

Focus on improved efficiency, value, modernization, and innovation. Consider how products, processes, and organizations can be changed through the use of new, digital technologies. We leverage AI/NLP solutions to create live data interactions for enterprise applications, portfolios, and programs.

IT Project, Program, Portfolio Management & Governance (PPMX)

Manage and measure investment costs, performance, and value. Assess how IT investments enable mission and business goals and objectives; includes CPIC, TBM, SPPBE, PMOs, and Cyber Strategic Budgeting aligned with NIST categories to invest to buy down risk.

Customer Experience (CX)

Support agencies' efforts to put people at the center of everything, HT delivers expertise and tailored technology solutions to your organization. Skilled teams focus on process orientation, continual improvement, applying innovative technology, and customer service excellence.

Incident Management/ Service Desk (IX)

Apply AI/NLP capability to transform service desk solutions. We partner with agencies in their "shift left" pursuit to maximize customer experience and dynamically improve outcomes. Faster incident resolution with automated root cause and predictive analytics.

Cloud Management (CMX)

Provide proven agnostic cloud-based solutions for data management, migration, hosting, integration, and cybersecurity.

Web Governance/508 (WGX)

Multi-level comprehensive accessibility services dedicated to increasing website and departmental ADA/Section 508 compliance for federal agencies.

Accessing our solutions

We partner with **CORAS** to provide FedRAMP High solutions for data integration and decision-making, and **Plasticity** to provide AI/NLP functionality to improve value to our clients. Leverage GSA Schedule-70, SEWP, DOD BOA or through AWS, Azure, and Carahsoft to access our services.

Innovations

Automated Resolution

Cross-Functional Automated Resolution Technology: Leverage AI/NLP to decrease meantime to resolution. **(no period) continue with below:** supporting data centers, help desks & regulatory incident management environments. How can HT drive exponential improvements for you?

IT KIOSK /SMART LOCKERS

Reducing staff downtime with 24/7 access to real people and reliable technical support – no bots, appointments or waiting.

CX and high efficiency together for lower staff downtime, fewer escalated help desk tickets, improved Executive Care, departmental upgrades, & inventory management.

Cognitive Automated Decision-Making

Automated Enterprise Decision Management: Automating data integration to enable data-driven decision making and digital transformation.

Drive business analytics and corporate views for the live data and expedited mean time to decisions.

Automating integration across disparate sources and silos.
