CD34

NU Signals

CD34 Nu Signals® | Stem Cell Activation*
Dietary Supplement
VOLUME: 20 mL /Bottle; 20 Bottles /Box

USER INSTRUCTION: Take 1 bottle before meals. 1 to 4 times per day.
STORAGE: Keep away from direct sunlight. Keeps storage temperature less than or equal to 86°F. Refrigerator (40°F) is recommended once temperature exceeds 86°F.
Once opened, consume immediately.

EXPIRY DATE: Shown on the package (YYYY/MM/DD).

CAUTION: People with chronic diarrhea should avoid from the consumption and stop intake once allergy happens. Natural color of food supplement might slightly change depending on growing seasons, temperature, and region.

CD34 Nu Signals® is the premium stem cell support made of pure ingredients and advanced biotechnology. Scientifically proven to support the release of mature stem cells for autologous rejuvenation and immunity enhancement.*

The patented micro-liposome technology (CD34 Nu-Cells®), encapsulating precious regenerative factors:

- Highly active proteins (SCF and G-CSF). Prolific signals to support healthy cell renewal.*
- Exclusively patented MSC exosome extraction (MSC-48®). Activate immune system as best internal protection.*

CD34 Nu Signals® is manufactured in dust-free clean room to ensure the quality from the raw material to finished product. The product is innovated and produced by Power Stem Biomedical Co., Ltd. applying biochemical processes and scientific data proof. It obtained the quality guarantee of international SGS certification of bacteria, heavy metals, and pesticides.

BEAUTY STEM absolutely makes sure the best quality for your *New Health*.*

CD34 NU Signals

Secret of Regeneration

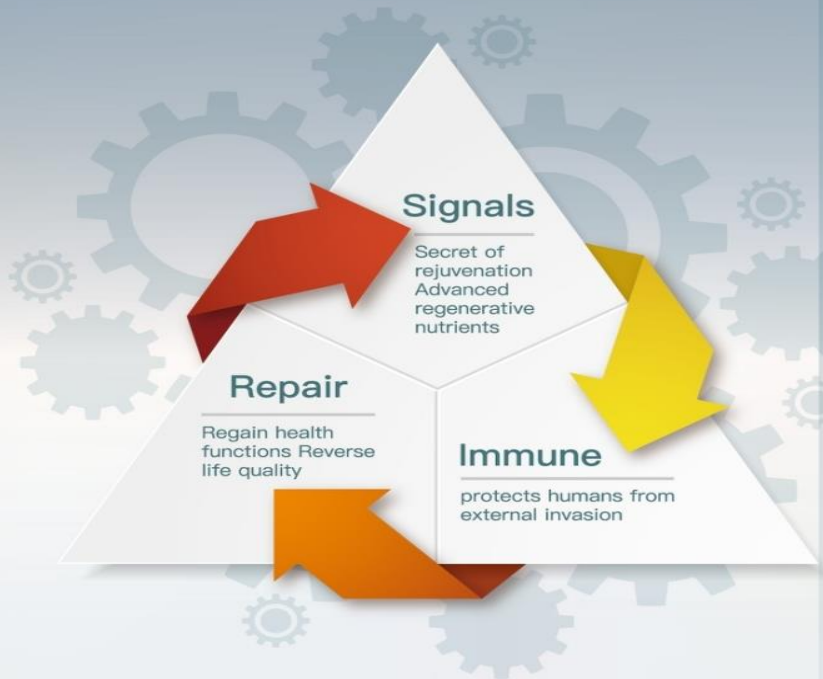

Advanced Regenerative Biotechnology
Three Precious Repairing Factors
Patented Micro-Liposome Technology

Cycle of human body renewal

Body damage repair from Stem-Cell
Neuron cell | joint cell | cartilage cell | muscle cell | skin cell | immune cell

CD34 NU Signals

3 Core Nourishing Signals

CD34 Nu-Cells® Signals of Body Regeneration

The patented micro-liposomes encapsulate regenerative factors, including SCF and G-CSF proteins. This approach has been proven effective in releasing mature stem cells, promoting autologous rejuvenation and enhancing immunity.

MSC-48® Signals of Immune Protection

Exclusively patented MSC exosome extraction contains 48 rejuvenation factors cultivated by advanced biotechnology. Activate immune system and provide best internal protection

Ganoderma Extraction Nutrient from Nature's Bounty

The rare Ganoderma extract contains triterpenes and polysaccharides, both of which are effective compounds that confer all-encompassing benefits to the immune system and vitality.

RayBio™ MSC exosome Antibody Array
